

## Adventurous Dr Ng wins 9 jobs and earns over £73,000

Lantum is really easy to use. I particularly like that it's all online and the clean, user friendly branding.

DR NG, GP LOCUM

### Challenge

Dr Ng had decided to move to London and wanted to find work for a few months before reviewing his career options. He hadn't been able to find anything suitable and was going on holiday abroad before moving, so wasn't available to speak on the phone.

### Solution

He created a profile on Lantum and it only took him a few minutes to book sessions online for when he returned from his travels.

If Dr Ng had waited until he returned from his travels to find jobs he estimated that it would have resulted in at least £2000 loss of earnings.

Lantum has given me the power to choose when and where I'd like to work.
